

Dublin Division of Police

Annual Report

2015

Message from the Chief

Thank you for taking the time to review the 2015 Dublin Police Department Annual Report. This was very important year for our agency as we promoted a total of eight (8) of our members to new supervisory and management positions. These new leaders, who will be the future of our agency as we move forward in the 21st century are:

- Justin Paez – Promoted to Lieutenant
- Tim Hosterman – Promoted to Sergeant
- Greg Lattanzi – Promoted to Sergeant
- Renae Rice – Promoted to Sergeant
- Paul Ricca – Promoted to Corporal
- Chad Patrick – Promoted to Corporal
- Nancy Nicodemus – Promoted to Communications Manager

Our focus as an agency continues to be providing the highest level of service to our community while working to reduce crime, improve traffic safety and address items of community concern. We accomplish this by adhering to a philosophy of Accountability-Led Policing that provides our supervisors and staff personal accountability for achieving agency goals.

Although our index crime statistics for the year were up slightly in 2015, we continue to see a downward trend in burglaries, B&E's and thefts from vehicles. This trend, which has continued for the last eight years is significant, as these are the most commonly occurring crimes in our City. We will continue this focus as we move forward in the coming years.

We did see an increase in crashes again in 2015. As we continue to work through the major construction projects that are taking place in our city. We do anticipate that the design solutions for US 33 and I 270, when completed, will have a positive impact on traffic safety in that high density area.

We are proud of the work done each year by our staff. As always, the men and women of the Dublin Police Department remain committed to serving the citizens of Dublin as we move forward into the future.

Thank you,
Heinz von Eckartsberg Chief of Police

Mission & Values

Dublin Division of Police employees are committed to protecting life, liberty and property. We will provide the highest level of service and work in partnership with our community to ensure public safety by focusing on the following core principles;

- Vigilant, Ethical and Impartial Enforcement of Law

Bureau Commander

The command staff for the Dublin Police Department consists of the Chief of Police and three bureau commanders. The agency is organized into three bureaus:

- Support Services Bureau
- Operations Bureau
- Technical Services Bureau

The Support Services bureau consists of the Detective Section, Community Impact Unit and Community Education Unit. The Operations Bureau consists of the Patrol Section which is broken down into three shifts providing seven day a week/24 hour a day patrol service to the community. The Technical Services Bureau includes our Communications, Training, Accreditation and Records Sections.

The department's law enforcement planner provides analysis and reporting services, as well as functioning as the department's crime analyst. Additionally, this position functions as the city's emergency operations coordinator. He works closely with all other city and township departments to ensure the city is prepared to handle any type of emergency.

The accreditation manager is responsible for administering and supervising the department's accreditation process. This position is also responsible for career development, training records, the agency's temporary holding facility, police records and the property function.

Department Profile

Support Services Bureau

The **Community Education Unit (CEU)** operated successfully early in 2015 with two less middle school officers. Due to temporary staffing concerns across the Department, the CEU stepped up to cover many patrol shifts in order to reduce overtime and provide some relief for officers in the operations bureau. Adding Officers Dunson, McClain, and Quintanilla in the fall afforded the unit the ability to once again provide PDP and ALICE courses for the schools and the community.

The CEU presented the Drug Abuse Prevention Program to over 2,500 students while providing various other educational programs as well. The unit continued its partnership with Maria's Message while partnering with WBNS Channel 10 Television for news segments during the first half of the year.

Sergeant Tim Hosterman was named the new Unit Supervisor prior to the beginning of the 2015-2016 school year. He has completed the triennial Workload Assessment (attached).

The **Detective Bureau** saw the retirement of Detective Bob Davis and the addition of Detective Chuck Rudy. Chuck brought with him knowledge from several years as a Community Education Unit Officer. He has received some initial training and will continue to add to this in 2016. The bureau lost their Office Assistant to resignation in the fourth quarter of the year. She was an asset to the unit in improving its efficiency. At year's end the Department is in the process of hiring her replacement. The Department signed an agreement to once again participate in the FBI's child Exploitation Task Force. Detective Gilleland was selected to represent the agency for the next three years.

The bureau successfully cleared 29% of the burglaries/B&Es in 2015. The clearance rate for thefts from vehicles was 29% while the overall clearance rate for investigated crimes was 39%. The detectives continue to assist the CIU Investigators as well as each unit works to address crime concerns in the City.

In 2015 the Community Impact Unit saw its first changes in staffing since its inception. Sergeant Nick Tabernik became the new CIU supervisor in the fourth quarter and Officer Kyle Groves was named the newest investigator for the unit beginning in 2016.

In 2015 the Traffic Enforcement Officers made 1,891 traffic stops, issued 1380 traffic citations and were assigned three (3) Formal Traffic Complaints. Additionally, traffic officers maintained presence in enforcement in seven designated "maintenance zones" throughout the year. These included: Glick Road, Muirfield Drive (north of Brand Road), Shier Rings Road, Woerner-Temple Road, Rings Road (west of Avery Road), SR 257, Summitview Road, and Frantz Road.

The CIU Investigators engaged in proactive investigations using a combination of criminal intelligence, human and technical surveillance, undercover operations and standard investigative techniques. Investigators were assigned 23 Projects in 2015 of which 65% resulted in successful clearance by the arrest, charge or identification of the suspect(s) involved in the offense. It should be noted that three cases from 2015 remain open.

In 2015 the collaborative work of the CIU and the Detective Bureau, resulted in seizures of approximately \$58,230 in cash, three (3) vehicles, a handgun, and two (2) computers, as well as drug seizures with a street value of approximately \$94,040.

Operations Bureau

The Operations Bureau was led in 2015 by Bureau Commander Justin Paez, and consists of the Patrol Section, with support from the Department's Staff Assistant/Court Liaison. The Patrol Section is staffed with three (3) sergeants who command the three Patrol shifts. Each sergeant is assisted by two (2) corporals. Current staffing (including supervisors) in the Patrol Section is 44. Patrol shifts operate as follows:

First Shift: 7 am to 3 pm ▪ Second Shift: 3 pm to 11 pm ▪ Third Shift: 11 pm to 7 am

Department Profile

The Patrol Section is responsible for 24/7 uniformed service to the community. Minimum staffing standards for the section are determined based on workload and vary from five officers to eight. Officers assigned to Patrol operate in either one of the five identified Patrol Districts, or as a general response unit.

In 2015 the Patrol Section was responsible for the following activity:

9-1-1 Calls: 28,359
All Calls for Service: 49,630 (includes some officer initiated activity such as traffic stops)
Offense Reports: 1,014
Traffic Citations: 3,497
Traffic Crashes: 917

Technical Services Bureau

The Technical Services Bureau consists of Communications, Records, and the Department's Accreditation function. The bureau is led by Bureau Director Jay Somerville. In 2015 Communications Section completed its second full year operating as a consolidated communications center. The center, designated now as the Northwest Regional Emergency Communications Center (NRECC) provides emergency dispatching services to the following entities:

- Dublin Police
- Hilliard Police
- Washington Township Fire
- Norwich Township Fire
- City of Dublin Public Services

The department's Records Section maintains all police records in addition to providing clerical support for staff and reception duties.

Accreditation Manager Lynn Odenthal administers the agency's accreditation functions by maintaining all accreditation files and helping to coordinate all the reviews, analysis, reports and training functions necessary to meet all of the industry standards set by the Commission for the Accreditation of Law Enforcement Agencies (CALEA). She also supervises the department's Records Section.

Community Services Officers

In 2015 the Community Service Officer (CSO) Program entered its third year serving the City of Dublin as a team of skilled volunteers. The mission of the CSO Program continues to be focused on serving as an example of community partnership by deploying a volunteer force that enhances the department's ability to achieve its goals. During the first quarter the year, the 14 person unit lost two members. One member resigned due to full time employment demands and a second member was removed due to not being able to fulfill the program requirements. In June, three new CSO were selected from the Citizens Police Academy Class #3, bringing the team total to 15 CSOs.

CALLS FOR SERVICE

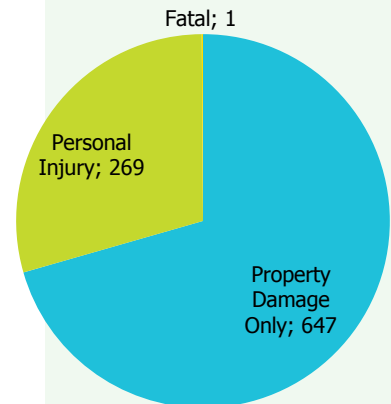

JANUARY 1, 2015 - DECEMBER 31, 2015

■ 2015 YTD ■ 2014 YTD

2015 vs 2014

Auto Accidents

Internal Affairs Investigations

In 2015, one (1) internal affairs investigation was conducted by our agency. Compared to 2014, there was one (1) internal affairs investigation conducted by our agency. The 2015 investigation was initiated due to a complaint of conduct unbecoming a city employee. A thorough investigation was conducted and there was insufficient evidence to support the complaint. The investigation is closed.

Internal Affairs Investigations by Employee Status:

January – December 2015

Sworn: 1 Civilian: 0

Analysis and Conclusions:

A review of the investigations conducted in 2015 and 2014 did not reveal a pattern of employee or type of misconduct.

Complaints

In 2015 there were five (5) formal complaints and five (5) informal complaints filed involving personnel of the police department. The circumstances surrounding the formal complaints were as follows: 1) excessive use of force; 2) excessive use of force; 3) excessive use of force; 4) demeanor; 5) demeanor. Three of the five complaints for excessive use of force were out of one incident. Thorough investigations were conducted into each complaint. The results of these complaints were as follows: 1) proper conduct – unfounded complaint; 2) proper conduct – unfounded complaint; 3) proper conduct – unfounded complaint; 4) improper conduct – employee received oral reprimand; 5) proper conduct. In 2014 there were five (5) formal complaints and zero (0) informal complaints filed involving personnel of the police department.

Complaints by Employee Status:

Formal Complaints

January – December 2015

Sworn: 3 Civilian: 2

Informal Complaints

January – December 2015

Sworn: 5 Civilian: 0

Analysis and Conclusions:

A review of complaints both formal and informal for 2015 did not indicate any one employee named in more than one complaint. There were no other identifiable patterns of employee or misconduct identified. In comparison to 2014 formal and informal complaints, there was one (1) employee named who had received complaints in both 2014 and 2015. The 2014 complaint was closed with a resolution of proper conduct. The 2015 complaint was closed with a resolution of unfounded. Additionally, there was no identifiable pattern of misconduct identified.

Grievances

In 2015 there were two (2) grievances filed by employees. The first grievance was filed due to denial of health insurance. The grievance was resolved. The second grievance was filed due to denied use of personal leave. This grievance was withdrawn by the employee. In 2014 there were zero (0) grievances filed by employees.

Grievances by Employee Status:

January – December 2015

Sworn: 2 Civilian: 0

Analysis and Conclusions:

No analysis could be conducted as there were no grievances filed by employees in 2014 therefore no comparison or review could be made to those grievances filed in 2015.

Use of Force

Use of force reports are used to document bodily force by means of a defensive tactic or technique or any other bodily force to overcome resistive tension. Minor hand to hand control techniques, such as handcuffing, physically touching, or gripping to overcome minor resistive tension, shall be reported on an incident report or narrative of the arrest form. Use of force reports are also used to document the use of a less lethal and/or lethal weapon (in the course of a use of force). Any bodily force, use of a less lethal weapon, or use of a lethal weapon resulting in an injury must be reported on a use of force report.

In 2015, five (5) use of force incidents occurred that resulted in nine (9) use of force reports being filed. It should be noted that in some years, more reports were filed than total number of incidents due to more than one officer using force out of a single incident in some, but not all cases. The number of use of force incidents has fluctuated over the past three years.

Use of Force	2013	2014	2015
Use of Force Incidents	6	10	5
Use of Force Reports	9	23	9

In 2015, one (1) use of force incident resulted in an injury to an officer. In 2015, three (3) use of force incidents resulted in injuries to suspects. A review of the injuries indicated that the injuries were generally minor in nature. It should be noted that in some cases, these injuries could have been sustained by the suspect prior to the contact with the officer(s). Over the past three years, the number of incidents where the suspect was injured as part of the use of force fluctuated. In general, these numbers were relatively small.

Balance Displacement	1	1	3
Escort Position	3	1	2
Assistance from Other Officers	4	8	4
Verbal or Physical Commands	6	9	5
Officer Presence	6	9	5

In 2015, the most common officer responses to use of force incidents included: 1) Officer Presence, 2) Verbal or Physical Commands, 3) Assistance from Other Officers, and 4) Balance Displacement. Officer Presence, Verbal or Physical Commands, Assistance from Other Officers, and Takedowns have been in the top four officer's responses to use of force incidents in previous use of force analysis. In some cases, the

numbers may not match up due to some reports having more than one officer response or none being marked on the report.

Use of Force Conclusion

In reviewing the five (5) use of force incidents that occurred in 2015, it was clear that all policies regarding the use of force were followed. All five (5) use of force incidents were correctly reported, investigated, and reviewed by the chain of command. Four of the five use of force incidents were classified as force reasonable and consistent with policy. One use of force event was classified as not reasonable or consistent with agency policy or training. Lt. Farmer was directed to ensure that each officer receive remedial training in the agency's use of force policy and procedures. It appeared that the level of suspect resistance actions has fluctuated over the past three years. 2015 use of force more mirrored 2013 use of force. This information should be noted by the defensive tactics training staff for future training cycles. Use of force training was conducted with all sworn personnel in 2015 as part of the police division's annual mandatory training cycle. Based on this analysis, use of force training will continue to be a part of the police division's annual mandatory in-service training for sworn personnel. Based on this analysis of use of force, no patterns or trends were identified that would require any further training needs or policy modifications.
